

Northampton Township Butterfly Garden of Remembrance

Over the past several years, the community of Northampton Township has experienced a number of deaths, particularly of area youth. On such occasions, members of the community have often reached out to the Township for a place to gather, reflect and memorialize their loved ones. Because of this need, The Northampton Township Business and Professional Association has partnered with Northampton Township to establish “The Butterfly Garden of Remembrance” at the Municipal Park on Hatboro Road. Our goal is to provide a tranquil setting of solace where area residents can honor and reflect upon the lives of their loved ones.

The current Butterfly Garden will be expanded to include a variety of trees, shrubs and flowers, as well as walkways, sculpture, engraved pavers and benches. There are several options for those individuals, groups, businesses or organizations who would like to be involved, ranging from the donation of specific trees, plants, benches or statuary to cash donations for the establishment and future expansion of the Garden. We hope we can count on your support.

Sponsorship opportunities exist for local businesses in the following manner:
